FBJ Bearings

Why Should You Choose Us?

Over 6,000 product lines spanning Industrial, Automotive, and Agricultural sectors.

Extensive inventory available in Singapore.

No MOQ requirement for standard ISO class bearings.

Brand recognition, international presence.

International Quality Standard ISO Certified in Singapore & China.

Custom or special-made items available with low minimum order.

Consistent Product Quality & Traceability.

Technical expertise with full product quality control and traceability.

Agriculture Products

▶ Pillow Block Units

▶ Plummer Seals & Rings

▶ Stainless Steel Bearing Units

▶ Plummer Block Housings

▶ Agri Hub Bearings

▶ Adapter Sleeves

▶ Bearing Inserts

▶ Lock Nuts

About Us

With more than five decades in the bearing industry, FBJ is a trusted manufacturer delivering precision-engineered solutions across the Automotive, Industrial, Agricultural, and OE sectors.

Boasting a strong and growing global presence - including Japan, Singapore, the Asia Pacific region, Africa, and Central & South America - FBJ continues to expand its distribution network to meet the evolving needs of customers worldwide.

Driven by a commitment to excellence, FBJ operates under a robust quality management system and holds ISO 9001 certification. This ensures consistent product quality and reinforces our dedication to exceptional customer service and long-term value for your business.

Our Mission

To establish FBJ Bearings as a global organization dedicated to provide customers with reliable services & commitment through our 5Ps.

Our Vision

To be the leading global provider of expertise and solutions in the bearing industry.

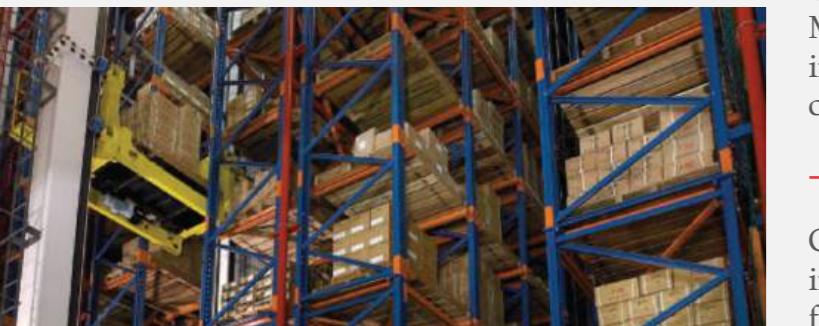

Facilities

State-of-the-art 30-meter high Automated Storage & Retrieval System (ASRS), reflecting our significant investment in advanced warehousing technology.

With an investment in nearly 15 million units of FBJ products in stock, we ensure high stock availability and rapid delivery to meet customer demands.

Leveraging an advanced Warehouse Management System (WMS) for real-time inventory tracking, showcasing our commitment to operational excellence.

Our robust infrastructure supports high-volume inventory, enabling rapid and reliable order fulfillment.

Industrial Products

► Tapered Roller Bearings ► Needle Roller Bearings ► Deep Groove Ball Bearings ► Spherical Roller Bearings

► Angular Contact Ball Bearings ► Flange Miniature Bearings ► Stainless Steel Bearings ► Cylindrical Roller Bearings ► Self-Aligning Ball Bearings

► Thrust Ball Bearings ► Linear Motion Bearings ► Pillow Blocks ► Chains

Automotive Products

► Double-Row Angular Contact Ball Bearings ► Track Runner Bearings/Roller Followers ► Forklift Bearings ► Gearbox Bearings ► Aircon Magnetic Bearings

► 4-Point Contact Ball Bearings ► Steering Wheel Bearings ► Clutch Release Bearings ► Velocity Joints ► Cam Follower Ball Bearings

► Wheel Hub Bearings ► Universal Ball Joints ► Tensioners & Pulleys ► Fan Belt Tensioners ► Belts
